**New Ipeco Service Centre in Dubai, UAE**

Ipeco is pleased to announce a new partnership with Aero-Technics based in Dubai, UAE to provide repair services for the Company's seating and galley insert products.

Aero-Technics FZCO is a part of the Trenchard Aviation Group and a leading MRO in the region. Ipeco is a world leader in aircraft crew and executive seating with a growing presence in the electrical galley insert sector. Ipeco is committed to supporting its in-service products and the introduction of this service centre represents another step in the Company's development of its global customer support strategy.
